Special Features & Benefits

- Cylinders are mounted directly to platform corners to eliminate platform deflection during load transfer.
- All models are equipped with a hinged bridge with a pull back chain.
- All of the electrical controllers are Underwriters Laboratories approved assemblies.
- Each unit is washed with phosphoric acid, fully primed and then finished with baked enamel.
- All cylinders are machine grade with clear plastic return lines & internal mechanical stops.
- These units conform to all applicable ANSI codes.
