ADVANCE LIFTS®

6000 Series Top Of Ground Dock Lifts

These are Instant Docks that simply require lagging into position and plugging into a power receptacle and they are ready to go to work. No pit work is required.

Model 6568

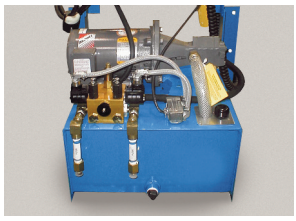

Model 615812

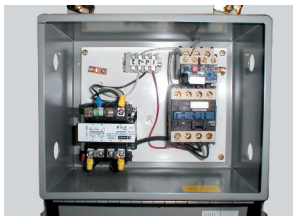

Special Features

- All models are equipped with a hinged bridge equipped with a pull back chain.
- All models have an approach ramp.
- All of the electrical controllers are Underwriters Laboratories approved assemblies.
- Each unit is washed with phosphoric acid, fully primed and then finished with baked enamel.
- All cylinders are machine grade with clear plastic return lines.
- All pressure hoses are double wire braid with JIC fittings.
- Reservoirs are mild steel.
- These units conform to all applicable ANSI codes.
