**Model BTS-4 Bin Tilter - Straddle**

*10 Year/250,000 Cycle Warranty*

These units are designed to reduce reaching and bending into parts containers. There are models suitable for palletized loads, carts and stacker bins.

**Special Features & Benefits**

- All models have hydraulic return lines on the cylinders to preclude oil weepage.
- BT & BTS portable models are equipped with a 12 volt DC deep cycle battery power unit.
- All battery operated units are equipped with built in battery chargers.
- BTP non-portable pan tilters are equipped with 1HP AC 110 Volt motors.
- Portable units have “step down set”, “step down release” floor locks for ease of operation.
- Portable units have ankle protection around the portability casters for added safety.
- BT models have a backrest extension option to support extra wide containers.
- All units have warning light and audio warning options available.
