Model HDDP-260-4836 Heavy Duty Dumper

10 Year/250,000 Cycle Warranty

Applications that regularly exceed (6) cycles per hour and more than (1) shift per day require heavy duty dumpers. If the items being dumped act like a sticky commodity that requires frequent jogging to maintain flow, then heavy duty dumpers are needed. These units are equipped with continuous duty motors and the robust design features extra rugged structural members. Thes units are ideal for tough applications.
