ADVANCE LIFTS®

Model HRDP-672-4836 High Reach Dumper

10 Year/250,000 Cycle Warranty

These units have been designed for applications that require lifting a container to a high elevation and then dumping it. They safely accomplish the function of lifting and dumping in one compact unit. Applications for these units include grinders and other processing equipment with high in-feed locations. High reach dumpers can eliminate the need for long power conveyors and mezzanines serviced by lift systems.

ISO 9001:2015 Certified

made in USA

5 HP Motor
Speed: 37 seconds
Capacity: 6,000 lbs
Carriage Dimension: 48 x 36 in.
