**Model HRDP-696-4848 High Reach Dumper**

10 Year/250,000 Cycle Warranty

These units have been designed for applications that require lifting a container to a high elevation and then dumping it. They safely accomplish the function of lifting and dumping in one compact unit. Applications for these units include grinders and other processing equipment with high in-feed locations. High reach dumpers can eliminate the need for long power conveyors and mezzanines serviced by lift systems.

- **ISO 9001:2015 Certified**
- **UL**
- **Made in USA**

### Special Features & Benefits

- Full 135 degree tilt.
